APRON WELDING

Ref. 10296

The **Solter Welding Protection Apron**, model , is designed to provide **maximum safety in demanding welding environments**. Made from **split cowhide leather** and featuring **Kevlar flame-retardant reinforced stitching**, it offers excellent resistance to heat, sparks, and molten metal splashes. Its ergonomic design and adjustable strap system ensure **comfort and freedom of movement** throughout the entire workday. This PPE is **certified in accordance with the Regulation.**

Main Features:

✓ **High-resistance material:** made from split cowhide leather, offering outstanding durability and protection against high temperatures and welding projections.

✓ **Kevlar flame-retardant stitching:** reinforcements that enhance resistance to wear and abrasion under extreme conditions.

✓ **Valid European certification:** complies with Regulation (EU) 2016/425 and standards EN ISO 11611:2015 and ISO 13688:2013.

✓ **Certified by SGS Fimko Ltd (0598):** notified body that endorses the product's quality through the EU type-examination certificate 0598/PPE/24/5190.

✓ **Ergonomic design:** features adjustable straps and a cotton belt that comfortably adapt to the user's body.

✓ **Reliable thermal protection:** acts as an effective barrier against heat, sparks, and molten metal, reducing the risk of burns.

✓ **Professional use:** ideal for welders, boilermakers, and technical personnel requiring certified PPE.

✓ **Long service life:** the selected materials and craftsmanship ensure lasting performance under demanding working conditions.
